Communication Expert with French

YOUR CAREER IS OUR SUCCESS!

Living life sciences

Are you looking for good opportunity to ***practice your foreign language*** skills and build up your ***career*** with a leading US Company?

If you are proficient in spoken ***French*** and ***English*** and you would like to practice them with customers – we can give you this ***opportunity***!

We train our people best! No specific previous technical experience is required!

We provide professional ***trainings*** and the chance to work and study.

We offer ***competitive salary, benefits*** *and* stimulating ***bonuses***.

You need to possess good knowledge of MS Office, Windows and Internet applications and BA degree or equal skills and background.

You can start with providing comprehensive technical support services by resolving incoming telephone and e-mail requests in the customer's native language and organizing and utilizing all support resources provided.

Apply and climb the ladder of your career with us!
