

Libra Software GmbH is a pioneer in producing efficient software systems for controlling and investment management. Our development sites are located in Mannheim (Germany) and Sofia (Bulgaria), where teams of developers, business analysts, and customer consultants are working on the continuous advancement of our investment-oriented applications, achieving high customers' satisfaction.

For our office in **Sofia, Bulgaria**, we are looking for

Software developers - Java EE (m/f)

Main tasks:

As part of the development team, you will be responsible for building Java-based web applications within the **Libra** Framework and will be involved in all aspects of the process:

- ⊙ **From** design and creation of the data model
- ⊙ **Via** design of the structure, components and decisions about how they operate together
- ⊙ **To** implementation of the application

The applications you build will be then integrated in the **Libra** System and will be used by our corporate clients (amidst Praktiker, RWE, and Brita) in more than 10 different countries across Europe.

We are looking for:

- ⊙ A creative, dedicated, and highly motivated professional with interests in the IT area
- ⊙ Having a desire to continuously learn and develop in the field of software technology
- ⊙ A team player who enjoys creating well functioning and sophisticated applications
- ⊙ Daring to think in terms of complex abstractions
- ⊙ Communicative and flexible
- ⊙ Highly organized with an eye for detail

With qualifications:

- ⊙ You have a degree in Computer Science, Informatics, or Mathematics
- ⊙ You have an in-depth experience in programming with core Java technologies
- ⊙ Able to freely operate with the Object-oriented paradigm
- ⊙ Excellent knowledge of English

Advantageous:

- ⊙ Familiar with multitier architectures, amidst Java EE, EJB, SQL, and JavaScript
- ⊙ Certificates and/or trainings in those or similar fields
- ⊙ Experienced in Java web technologies
- ⊙ Knowledge of German

What we offer at Libra is:

- ⊙ Friendly and knowledge-driven environment in which you constantly learn, grow, and improve
- ⊙ Regular trainings for continuous professional development in Bulgaria and Germany
- ⊙ Ability to make a change for customers and consumers at global level
- ⊙ Insight and knowledge in the field of software management systems development
- ⊙ A strong and motivated team of colleagues to support you in your daily tasks
- ⊙ Modern development tools on site
- ⊙ Excellent remuneration package

Make a leap forward!
