

Analyst Intern in Regional Analytics Group

Who we are:

We are the leading global information services company, providing data and analytical tools to our clients around the world. We help businesses to manage credit risk, prevent fraud, target marketing offers and automate decision making. We also help people to check their credit report and credit score, and protect against identity theft. In 2014, we were named by Forbes Magazine as one of the 'World's Most Innovative Companies'.

What we offer:

- You will get on-hands experience of good development practices for robust analytical solutions within big international company. This includes the development of statistical models and ad hoc data analysis;
- Close collaboration with various peers – business and technical analysts, project management team, consultancy;
- Work within innovative and energizing team in a friendly environment;
- Transferable skills that will help you in your future career;
- Paid half day internship for 3 months period;

Your responsibilities will be:

- Support optimization of the data analysis and model development processes;
- Perform proof of concept activities for new analytical methodologies;

The successful candidates posses:

- Desire and ambition to establish career in risk modeling and analysis;
- Good analytical and problem solving skills;
- Basic programming skills or/and data mining skills;
- VBA for Excel;
- SQL;
- Good written and spoken English;

Strong plus is:

- SAS and R;
- Experience with machine learning methods;
- Statistical Knowledge (linear and logistic regression);

The selected candidates should:

- Have completed at least 2 (3 preferred) years towards a degree in a numerate/mathematics-related subject;
- Demonstrate a track record of success (academically);

Interns are considered valuable members of the Experian team, and therefore may earn many of the benefits available to full-time employees, including:

- Multi-site environment working experience
- Competitive salary
- Access to huge database with online trainings and books
- Consideration for full-time employment when you graduate.

If you are interested, please send your CV and motivation letter to Dimitar.Vasilev@experian.com by 9th of March 2015.

Please note that only short-listed candidates will be contacted.
