About us:

Dreamix Group is a holding of software companies providing services, products and innovations in the ICT sector.

Our BI unit (Datakite Ltd) provides expertise in Business Intelligence Solutions, Enterprise Application Integration and Business and Advanced Data Analysis.

Our mission is to inspire innovations and be a place where the dreams come true.

BI Internship:

We need a highly motivated BI Trainee for a period of two or three months. In this position you will be able to take part in the design and development of Business Intelligence applications for our foreign partner.

Minimum qualifications:

- Expertise in databases (PostgreSQL, MySQL, Oracle DB);

- Excellency in English, written and spoken;

- Strong analytical and problem-solving skills.

Preferred qualifications:

- Experience with Business Intelligence technologies and platforms (Pentaho, Jaspersoft, QlikView, Oracle Business Intelligence Enterprise Edition, ETL, OLAP, MDX);

- Broad interest in reporting, database and ETL technologies;

- Experience with Java, .Net, etc.

If you:

- enjoy working in a friendly and motivating atmosphere;

- welcome an unmatched opportunity for learning, self-development and professional growth;

- would like to receive competitive remuneration package

...then don't hesitate to join our team!

If you are interested in our BI internship please send your CV to jobs@datakite.com till July 15, 2013.

Only short-listed candidates will be invited for an interview.
