

Verint Systems

Verint is a global leader in Actionable Intelligence solutions and value-added services. Verint Bulgaria Open Source Web Intelligence Solutions Products collect and analyze open source Web content, continuously visiting a multitude of web sources and extracting and analyzing the public information they hold.

Then, the information is being used to generate statistics, sentiment ranking, a virtually unlimited number of customized alerts ,early warnings, and more. Hence agencies can rapidly identify trends and perpetrators and reveal, profile, and track potential targets.

Today more than 10,000 organizations in over 180 countries, including over 80 percent of the Fortune 100, use Verint solutions to improve enterprise performance and make the world a safer place. Verint's vision is to create A Smarter World with Actionable Intelligence®.
