Web Developer

Webinfluence Studio Ltd is a division of Webinfluence Group - an international company with offices in Estonia, Mexico and Turkey. The company employs people from a vast array of cultural and professional background and is active in over 62 countries worldwide. For the past several years, Webinfluence Group has been growing rapidly and its advertising platform Adcash has become one of the leaders in the French and European online advertising industries. Besides the advertising platform, the company has also developed many innovative projects in the field of Facebook applications and online gaming.

We are looking for enthusiastic and talented people to join our brand new office in Sofia.

Web Developer (multiple positions):

Your role:

- You will be involved in the proper functioning of our advertising platform and the introduction of new features.
- You will also work on the entertainment projects from our portfolio – Facebook applications, Game portals and free SMS platforms.

Required skills:

- Good knowledge in PHP, MySQL, JavaScript, (X) HTML 4 and 5, Ajax, CSS 2 and 3.
- Previous experience in web development.
- Good knowledge in English both spoken and written.
- Ability to work quickly and independently.
- High level of curiosity and eagerness to test new technologies.

Beneficial skills:

- Knowledge in C and Objective C.
- Interest in scaling issues (memcache, nginx, nosql, etc.)
- Several million visitors per day do not scare you, but represent an interesting challenge to you.
- Passion for web development and innovative projects.

Salary and benefits:

- Opportunity to learn from the very best.
- Opportunity for self-improvement and growth.
- Great office with friendly atmosphere.
- Excellent salary.

If you are interested, please send us your CV in English on studio@webinfluence.com.

All applications will be treated as strictly confidential.
