Compliance Young Professionals Program 2023

The Young Professionals Program will have a focus on:

- Examine populations of data using various techniques and raise potential issues (such as identifying attributes that previously were out of reach, or discerning relationships and correlations that were never before visible)
- Develop, schedule and document scripts.
- Test the results with end users
- Continuously monitor key risks
- Maintain existing controls
- Provide guidance and assistance to our internal clients
- Contribute to department improvement initiatives
- Build reports & KPIs on activities & results for different committees
- Communicate & present achievements to stakeholders

Our Young Professionals Program intends to provide learning and career opportunities for young professionals interested in the dynamic data analytics and data science sector.

The program will commence on September 4th, 2023 and will provide opportunity to 1 person to be part of one of the leading merchants involved in agriculture, food processing, international shipping and finance.
