

IT Business Analyst and Solution Developer

Join our young and growing team to provide the best service to our customers. Discover multiple industry sectors (Aerospace & Defense, Automotive, Energy, Transportation, High-Tech, Life Science) and develop yourself.

As an international company, **Inensia** offers a stimulating and supporting working environment with friendly, social and open-minded people. You can now onboard and fully contribute to the expansion of our European delivery center in Sofia in the position of **IT Business Analyst and Solution Developer**.

Your Role:

- Understanding our customer requirements related to the improvement of its Engineering and Manufacturing business processes;
- Proposing functional solutions to address business needs, based on major PLM technologies on the market;
- Designing and implementing the necessary specific configurations to fit the gap with out-of-the-box capabilities;
- Developing Test plans and scenarios against initial customer requirements;
- Testing the solution before delivery to customer acceptance;

Our Requirements:

- Bachelor's or master's degree in Technical Education such as Product Engineering (Mechanical, Electrical, Electronics, Automation, Industrial, Computer Aided Design) and Manufacturing;
- Good client relations and social skills;
- Fluency in English, both oral and written.

We offer:

- Competitive remuneration;
- Food vouchers;
- Medical insurance;
- French classes;
- "Start-up" approach;
- Continuous training;
- Home office;
- International experience;
- Work-life balance;
- Stimulating environment.
