.NET DEVELOPER

The Lirex companies are leaders in the information technology field. We offer consulting, technology and outsourcing services, design development, and support of ICT solutions and systems.

We are currently looking for young motivated professionals with desire to learn and work in dynamic IT environment.

The candidate will conduct the following duties:
- To work on the current active projects of the company by implementing leading technologies into existing project designs
- To create, maintain and optimize software applications for .NET solutions using Microsoft .Net, C#, ASP.NET, MS SQL Server and profiling tools
- To participate with new ideas in discussions on new projects' design

Requirements:
- University degree or student in Computer Science or related speciality
- Good knowledge in ASP.NET, C# and Microsoft Visual Studio
- Professional experience in software development would be a great advantage
- Understanding of OOP principles, algorithms and DB Design principles
- Creative thinking
- Motivated and willing to learn

What we offer you?
- Challenging work on interesting projects
- Training and certification
- Possibility to grow and develop in a young team of professionals

If you feel passionate about this career opportunity, please send your CV, cover letter and current photo to: jobs@lirex.bg. Only short-listed candidates will be contacted.

All applications will be considered under strict confidentiality in accordance with Personal Data Protection Law.
