The person on this position will join and be the leader of a long-term Silverlight-based project related to the creation of an integrated document management solution. S/he should be a generalist and enjoy working across the software stack. Our current technologies include .NET, Silverlight, Prism, WCF, MS SQL.

We are looking for engineers who strive to write efficient, maintainable code and enjoy working in agile environment.

Location

Sofia 1404, Bulgaria, 49 Bulgaria Blvd

Requirements

- Extensive knowledge of XAML
- Extensive knowledge of WCF services and distributed applications
- Knowledge in Prism and/or MEF is a plus
- Knowledge in using third-party controls (specifically Telerik, DevExpress) is a plus
- High self-motivation
- Excellent communications skills
- Excellent level of English – writing and reading

The company offers

- A one-month on-the-job training
- Attractive remuneration package
- Cozy office atmosphere and central office location, team events, performance-based benefits

To apply

Please email your CV to jobs@completit.com. All applications will be processed in strict confidentiality.

About CompletiT

CompletiT (<http://www.completit.com>) is a software company specialized in Silverlight and Windows Phone development, trainings and consultations. We are the founders of the Silverlight User Group in Bulgaria (<http://www.silverlight.bg>) and maintain one of the largest in the world portals for Silverlight, Windows Phone and Windows 8 resources – <http://www.silverlightshow.net>.

In 2011 we were among the five featured Microsoft Silverlight partners for more than 6 months, and we have the only Bulgarian Silverlight MVP in our team.
