

# Career opportunities

## Your **Future** at Software AG

### (Senior) Quality Assurance Engineer, Sofia

#### Reference Number 014/BG/2011

Software AG Development Center Bulgaria a subsidiary of Software AG is one of the fastest growing software companies in Bulgaria. We have established a technology development office in the heart of Sofia focused on development and enhancement of our SOA suite.

We are looking for talented professionals to join are our team working on the **Event Driven Architecture** tools. The Event Driven Architecture is a modern software architecture pattern promoting the production, detection, consumption of, and reaction to events.

#### Responsibilities:

- Be a key player in a team of highly-talented software and quality engineers following Agile/Scrum methodologies
- Actively participate in the design and development of a leading-edge technology for event dispatching
- Actively participate in the creation and automation of test cases for this technology

#### Requirements

We are looking for a Software/Quality Engineer or a Senior Software/Quality Engineer with the following skills:

- Expert knowledge in Java and Ant
- Experience with Eclipse IDE
- Minimum 4 years of professional experience in the software industry
- Education: IT related University degree
- Strong background in software development processes and tools
- Strong background in testing software systems and test automation
- Strong written and verbal communication skills in English

The following skills are considered as an advantage:

- ◉ Experience with Gradle
- ◉ Experience with continuous integration servers, preferable Jenkins / Hudson
- ◉ Experience with test automation tools like QTP, QFTest or Selenium
- ◉ Experience with Agile methodologies, preferably Scrum

## Our offer

- ◉ Work in international teams
- ◉ Competitive remuneration package with additional social and medical benefits
- ◉ Possibilities for carrier advancement and personal development in wide range of technology areas
- ◉ Generous work space with state-of-the-art hardware, software and equipment
- ◉ Extended holidays and vacation time

## Our profile

Founded in 1969, Software AG today is Europe's largest and most established systems software provider. We don't wait for the future to come to us. We go to it. Let us lead you into the future.

Is this what you're looking for? Then send us your application marked with the above mentioned reference number to Human Resources. For more information, please feel free to contact Ms. Anita Stanoeva at +359 2 9153640.
