# Great Minds

## Student Internships 2013

The IBM Great Minds student internship competition provides you with the unique opportunity to work alongside world-class scientists in the **leading industrial IT research organization**.

The internships at IBM Research in Zurich, Switzerland, and Haifa, Israel, will last **between three and six months** and take place **in 2013** upon mutual agreement.

To participate in the competition, you must be nominated by one of your professors or a dean. You must submit a **current CV**, a short **position paper**, both in English, by **December 10, 2012**.

The program is open to all full-time students enrolled in a **Master's or PhD program** in computer science, electrical engineering, physics, software engineering, industrial engineering and service science at a recognized university or college in Central and Eastern Europe, Middle East and Africa.\* Participants must be fluent in English in both written and spoken form.

**"I am very excited to be here. I have the chance to work alongside highly skilled and passionate researchers who study a very large variety of topics."**

Adela-Diana Almasi, Polytechnic University Bucharest, Romania

**"I can't believe how much I'm enjoying this position. It has been a wonderful opportunity to see a great company and experience a different culture."**

Janos Csorba, Budapest University of Technology, Hungary
