### **"Inense your" career!**

Join our young and growing team as **Trainee Business Analyst** in our R&D center in Sofia to provide the best service to our customers. Discover multiple industry sectors (Aerospace & Defense, Automotive, Energy, Transportation, High-Tech, Life Science) and develop yourself.

With us after in-depth training on enterprise software suites and their BA tools, you will become PLM Business Analyst and will participate in customization and integration of software in clients' environment.

After 2-3 years of experience, you will reach the level of INENSIA PLM Business Consultant and will take the lead of ambitious transformation projects!

### **Your Role:**

- ⚙️ Understanding customer requirements related to the improvement of its Engineering and Manufacturing business processes
- ⚙️ Designing and implementing the necessary specific configurations to fit the gap with out-of-the-box capabilities
- ⚙️ Proposing functional solutions to address business needs, based on major PLM technologies on the market
- ⚙️ Developing test plans and scenarios against initial customer requirements
- ⚙️ Testing the solution before delivery to customer acceptance

### **Our Requirements:**

- ⚙️ 0-1 years of experience in business analysis
- ⚙️ Ability to attend the internship on full time schedule
- ⚙️ Advanced in English, both spoken and written
- ⚙️ Sense of responsibility, autonomous, proactive, resourceful and team player

### **Our Offer:**

- ⚙️ Competitive remuneration package and additional company benefits
- ⚙️ "Start-up" approach / end to end involvement / new leadership opportunities
- ⚙️ Continuous training & opportunity for development
- ⚙️ International experience
- ⚙️ Friendly and stimulating work environment

This is a 3-month paid internship program which upon successful completion will be prolonged as full-time or flexible employment.
