Wanted: Digital Analytics Specialist

About the role: EY Bulgaria is looking for Digital Analytics Specialists who will enjoy opportunities to serve diverse portfolio of data audit engagements.

About you: We are most interested in people who are willing to develop a portfolio of skills and experiences in high growth, cutting edge technology consulting practice working across a fantastic range of clients' projects. We are also interested in people who are dedicated to work as part of a high-performing teams, demonstrating enthusiasm, motivation and passion to develop in a multinational working environment. If you are a person with positive attitude, have good analytical skills and are eager to learn and improve your knowledge and performance, EY is the place where you will be able to realize your full potential.

As a Digital Analytics Specialist at EY you will be expected to:

- Implement data analytics into all parts of audit life cycle to meet audit objectives by creating stakeholder value, improving audit efficiency, and providing enhanced assurance
- Own and deliver digital and audit related assurance assignments that covers operating accuracy, adequacy and effectiveness
- Prepare project reports including status reports, tracking and analysis of financial and non- financial data
- Support the audit teams with ad hoc requirements
- Work effectively in diverse teams within an inclusive team culture where people are recognised for their contribution

To become a Digital Analytics Specialist you should have:

- Academic education in the field of: Mathematics, Economics, Finance, Accounting
- Advanced knowledge of MS Office. Strong knowledge of Excel, PowerPoint, MS Access is considered as an advantage
- Excellent written and verbal communication skills in both Bulgarian and English

What we offer to you is:

- You will be able to control your own development with an individual progression plan
- Possibility to plan the minimum required internship involvement, aligning it to your study agenda
- Opportunity of a full time position after successful completion of the internship
- A career journey full of exciting opportunities to help you find the career path that is right for you
- Various internal trainings to enhance your professional development
- Excellent conditions in a stimulating and enjoyable environment
- Regular social events and team building activities
- Working in a team with great professionals who are also great people. You will for sure find your new best friends at EY!

Make your mark. Apply today.
The position is also appropriate
for students in their 2nd and 3rd
year in university.
Start date: 1 July

Only short-listed candidates will be contacted.
EY is an equal opportunities employer.
All applications are treated as confidential.
