

JavaScript Developer

Working at Novarto means becoming part of a fast growing company with world-leading expertise in e-commerce and customer management software solutions. Our customers run businesses with thousands of offline shops, enjoy digital marketplaces with >10,000 page views/sec. They rely on our team to bring them on the next technology level and help them grow.

We are looking for talented people ready to work in an Agile and DevOps environment having the culture of empowerment, persistence for high-quality and continuous learning.

As a member of our geek-family, you will be involved in development, testing and launching large-scale software solutions with beautiful user experience.

If you are a passionate JavaScript developer who wants to develop differentiating front-end solutions, by leveraging cutting-edge technologies, please get in touch with us - you will be surprised how cool it is to become a part of Novarto team.

Responsibilities:

- Develop code which is clear, well-structured, testable, scalable and cross-browser/-platform/-device compatible
- Ensure high-quality deliverables, create tests (unit, acceptance, integration)
- Support the product launching and user adoption efforts
- Have clear service-oriented attitude and work closely with Fortune-500 customers
- Work with UX designers
- Work within an agile and distributed team, in a collaborative and fast-paced environment
- Learn and share knowledge inside the team

Requirements:

- Experience in web-app development
- Good knowledge of JavaScript, HTML, CSS
- Interest in reactive & functional programming

- Strong analytical problem solving skills
- Experience with e-commerce products such as hybris, Demandware, Magento, etc. is a plus
- BS in Computer Science or equivalent
- Good communication skills and fluency in English
- Ready to work in an agile and distributed team
- **Be curious and innovative**

What do we offer:

- Supportive team of leading professionals in their field
- Flat corporate hierarchy and open communication
- Possibilities for professional trainings and education
- Competitive remuneration co-related with your personal contribution
- Possibility for flexible working time arrangements
- Convenient and modern office space
- Regular team events, parties and additional benefits
