Experienced Backend PHP developer – new product

WHO ARE WE?

MobiSystems (Mobile Systems) is the only Bulgarian company that creates and sells its own mobile apps since 2001. It is the company behind OfficeSuite and File Commander – two of the Top 10 apps in the Google Play Business category. These apps have been installed on more than 300 million devices.

MobiSystems is also the worldwide business partner of Oxford University Press, Collins, McGraw-Hill, Webster's and others and has published 800+ mobile dictionary apps.

Currently we have 100 employees in our Headquarters in Sofia. We also have offices in the US, China and the UK.

WHAT ARE WE LOOKING FOR?

We are working on a new project to develop an innovative software platform for free publication of and access to e-books. In short, think of it as "YouTube for e-books". The software platform will consist of: 1) A responsive web site, 2) A cloud-based back-end, 3) An Android book reader.

We are looking for an senior back-end web developer to join the team working on the server-side part of the project.

Requirements:

o   3+ years of experience with developing server-side applications with (some of) the following - PHP, Symfony, MySQL, Google Cloud Platform or AWS, REST APIs
o   Strong analytical and problem solving skills
o   Ability to work in a small agile team and quickly iterate and deliver features
o   M.Sc. or B.Sc. in Informatics, Computer Science, Engineering or equivalent
o   Living in Sofia or willing to relocate

WHAT DO WE OFFER?

o   The chance to create a new global product – help define its direction, implement it and see the results!
o   Work at the Headquarters of a product company
o   A work-environment with flexible working time, no overtime and no artificial deadlines
o   A great location – right next to a metro station, Paradise Mall and the best park in Sofia
o   Very competitive annual compensation – 50.000 – 100.000 BGN

If you are interested, please send your CV to jobs@mobisystems.com. Only short-listed candidates will be contacted.
