

## **Junior Front-end Developer**

With over 2,000 employees the Hypoport group forms a network of tech companies for the credit, real estate and insurance industry. As part of the Hypoport Group we enjoy the flexibility and independence of a mid-sized company with the opportunities and benefits provided by a German listed corporation.

FIO SYSTEMS AG is part of the Hypoport group since 2018 and we specialize in providing web-based business software solutions. Our products cover all processes in the areas of real estate management and marketing, virtual banking and claim management. FIO was established in 1999 in Leipzig and our office in Sofia opened in 2002. At FIO we create high-value products, and we love working with open-minded people with enthusiasm for innovation and high-quality solutions.

If you are passionate about technology and want to be part of our dynamic team – we look forward to your application!

### **Your responsibilities:**

- Develop and maintain a single page application
- Actively participate in the React migration of the product
