

PHP Development - Trainee

Web Motion is a digital agency founded in 2009. We provide web application development, web site development and internet marketing strategies to clients in various industries – medical, retail, education, finance, etc. Our team has many years of project development experience and industry specific experience.

We are providing the opportunity for PHP development traineeship. The trainee will learn by working on interesting projects and will help our experienced PHP developers. The technologies you will use are PHP, JavaScript, Bootstrap.

Your Ideal Profile:

- Knowledge in PHP, HTML, CSS and JavaScript;
- Advantages: knowledge in jQuery, Bootstrap;
- Good command of English;
- Team player who is eager to learn quickly and to use new technologies.

What we offer:

- Great opportunity to learn;
- Interesting project to work on;
- Opportunity to use the latest web technologies;
- Environment of high skilled and friendly colleagues;
- Office location near the city centre (Ruski Pametnik);
- Professional growth in a newly-formed team;
- Paid internship which can grow into a full time position.

Interested?

If you are interested in this opportunity, please do not hesitate to apply! Send us your CV and portfolio of projects at office@webmotion.bg. Only the shortlisted candidates will be contacted.
