## WHAT WE OFFER

- ∞ Become a part of one of the most trusted financial service groups in the world
- ∞ Dynamic and interesting internship program with many opportunities for future development in the financial world
- ∞ Opportunity to apply the math learned at the university
- ∞ Opportunity to gain new knowledge
- ∞ Multiple options for personal career development in the actuarial profession
- ∞ Nice working atmosphere and friendly team

## OUR MAIN REQUIREMENTS

- ∞ Third or final year of Bachelor's degree in Applied Mathematics and/or Informatics, Statistics, Accounting, Finance, Insurance or similar
- ∞ Good computer and technical skills: MS Office, Database management tools; programming skills (R, Python, VBA) will be considered an advantage
- ∞ Communication skills, self-initiative, eagerness and cooperativity

## WHAT'S AN ACTUARY

An actuary is a business professional who deals with the measurement and management of risk and uncertainty; provides assessments of financial security systems, with focus on their complexity, mathematics and mechanisms. The art of knowing how much an event would cost before it happens! The accurate estimation is the first step to great achievements in every aspect of our life.

## YOUR MAIN RESPONSIBILITIES

- ∞ Analysis and simulations for valuation of various financial parameters
- ∞ Contribution to the current projects for portfolio management and product development
- ∞ Participation in monthly, quarterly and annual routines for setting reserves and reporting
- ∞ Cooperation with other financial departments
- ∞ Contribution to the Allianz Regional- and Group-network

If you want to become part of our team, please send your CV and Motivation letter to [hr@allianz.bg](mailto:hr@allianz.bg)  
All applications will be reviewed in strict confidentiality.
